Flexibility

Fast Decisions. No Hassles.

- ◆ We will finance 100% of any purchase, including all applicable taxes, maintenance, training and up to 30% of supplies.
- ◆ Write off up to \$108,000 on your 2006 taxes when you lease finance equipment for your business.
- ◆ Hedge against rising interest rates by locking in a low monthly payment that is fixed for the term of the lease.
- ◆ Free up cash for emergencies or other high return investments. Our programs require no down payment, further decreasing the impact on business cash flow.
- ◆ Since the equipment is not owned, it is not considered as debt on your balance sheet.
- ◆ Leasing is a smart budgeting decision and allows for a close match of the financing payment with the additional revenue the equipment will generate for your shop each month. This allows you to achieve profitability as quickly as possible.
- ◆ Custom lease packages address the specific needs of individual businesses including; start up finance programs and deferred, seasonal and skip payment options.
- ◆ Our process is a fast, simple and cost effective financing option for any business. Expect immediate turnaround on all applications.
